

Webinar on Impact of COVID on GST Compliance

Background

Besides human life which is most important, COVID 19 has had a worst impact on the economic activity. The GOI has overall been proactive in its counter COVID measures and has adopted a collective approach, including on taxation front by easing the procedural framework.

It is important for the Industry to make note of the possible challenges which may arise w.r.t. GST compliances, considering the disruption caused on account of COVID-19. In this background, we are conducting a **two hours webinar** to analyze the impact of COVID on the compliances required under GST.

Key Aspects Covered

- ✓ Cost optimization with higher ITC
- ✓ Impact on discounts, non-payment and other unforeseen eventualities
- ✓ Pragmatic solutions to open compliance issues
