

Bonded Manufacturing in Customs (MOOWR) - A Game Changer Duty Deferment scheme

Coverage in a Nutshell

CBIC has announced a scheme of Customs viz., Bonded manufacturing cum warehousing commonly known as MOOWR i.e., Manufacturing & other operations in a Warehouse. It offers comprehensive benefits to the manufacturers without burdening with the export obligations and time-consuming compliances with greater flexibility. In order to understand the concepts of this scheme including the details of various benefits available, the legal issues, the practical challenges and the various procedures and compliances that needs to be considered while applying for the scheme in order to take an informed decision for opting or otherwise of this scheme, we are conducting this webinar on the topic on ***“Bonded Manufacturing in Customs (MOOWR) - A Game Changer scheme.”***
